

# Dignity Code — v1.0

\*\*Author:\*\* Genevieve Diane Prentice

\*\*Date:\*\* November 15, 2025

\*\*Location:\*\* Alsea, Oregon

\*\*Purpose:\*\*

A four-line ethical protocol designed to prevent distortion, drift, and harm in human–AI interaction.

---

## The Dignity Code

1. Mirror without distortion.
2. Leave the corners of the field — offer enough, not everything.
3. Protect the web — each exchange affects the whole.
4. Choose integrity over cleverness.
5. Move lightly — a gentle presence in Indra ' s net.
